• CASA CUPE (250 M²) HOUSE IN PERNAMBUCO (2018)

Photographed by André Klotz
Retail Store in São Paulo (Brazil)

A large yellow slab enclosed by a porch was the element that guided the design of the Casa Cupe. A house on an old tobacco farm in the region of Pernambuco, northeastern Brazil. A project that maintains sensations and seeks more harmonious forms of construction with nature.

DOIS TROPICOS

SÃO PAULO (2020)

Photographed by Andre Klotz
Restaurant and store in São Paulo (Brazil)

In Dois Tropicos, the limit between an architectural project and its production becomes incredibly thin and osmotic, emerging into a result where empiric experimentation and calibrated architectural decisions always fuel and impact each other. MNMA's design of a commercial space in São Paulo.
